

# PRODUCT DESCRIPTIONS

## TINCTURES

Pure Hemp Botanicals'™ tinctures are a modern blending of science and heart. Grown with attentive care using organic and sustainable practices, PHB's products stand out for their consistent quality and verifiable lab tests, all contributing to purchasing with absolute confidence. Pure Hemp Botanicals tincture has a smooth, barely-there flavor perfect for sublingual application and adding to food.

This tincture is created by infusing organic hemp seed oil with full spectrum hemp extract. By using whole plant extract, Pure Hemp Botanicals™ Tincture offers a wide array of naturally occurring cannabinoids and plant terpenes. This quick-absorbing tincture can be used day or night - it's there when you need it most! Pure Hemp Botanicals™ Tincture is a great way to introduce yourself to hemp. The dropper application makes it easy to find the perfect amount for your needs. Pure Hemp Botanicals' precise formulation allows for confident application, so that you stay secure in exactly how much hemp extract you are consuming.

## TEAS

Hemptealicious™ Tea combines organically grown hemp with other organic herbs, combined for flavor and vibrant living. Each cup has a wide range of naturally occurring plant terpenes to help you feel your best. This is the perfect drink after a tense day at the office, while recovering from a cold, or when you just need to unwind and clear your mind. Even better, everything is vegan, cruelty free, organic and made with love. Hemptealicious™ comes in several scrumptious flavors:

- Pure Hemp Tea - Similar to an earthy but delicate green tea.
- Apple Hibiscus Hemp Tea - Sweet, tangy and delightfully exotic.
- Chamomile Lavender Hemp Tea - Soothing, gentle, and the perfect brew before bed.
- Ginger Turmeric Hemp Tea - Warming and grounding, this is a wellness powerhouse, ideal for when you need extra support.
- Spearmint Lemongrass Hemp Tea - Cooling, refreshing and irresistible hot or iced!
- Peppermint Mate Hemp Tea - Energizing and refreshing, this is the tea to drink when you're on the go!

## MINTS

Convenient, discreet and so much more fun than taking another pill, these sublingual mints keep up with you wherever you need them! Not only are these mints delicious, but they are incredibly efficient ways to ingest CBD! Unlike many products that need to be eaten, these are absorbed sublingually, like Pure Hemp Botanicals™ tinctures. As you enjoy the tasty flavors, the CBD will be absorbed faster than if you had just eaten it, and with more convenience and privacy than a tincture while you're out and about. When used this way, the CBD is absorbed directly into your body through the mucous membrane under your tongue, instead of being absorbed through the digestive process. If you are seeking a faster way to get CBD in your body when you're out and about, this may be the ideal method for you.

Available in 3 mouth-watering flavors of Spearmint, Chocolate and Strawberry & Mango, these are ideal for hikes, vacations, and anywhere else you can think of! As with all of Pure Hemp Botanicals' products, these are completely plant based, lab tested for potency, legally compliant low THC content and purity, and are always cruelty free.

## VAPES

Pure Hemp Botanicals CBD Vape Oil Cartridges and Kits have become the standard for quality and flavor within the industry. With a broad variety of natural plant terpene-based flavors, you have just what you need for a relaxing repose. Vape-ready liquid CBD oil comes in a variety of flavors and in 200mg and 500mg cartridges, to enhance your vaping experience.

## SOFTGELS

Pure Hemp Botanicals' CBD Hemp Oil Softgels provide the perfect means for ingesting high-grade CBD in the convenience of a smooth, easy-to-swallow softgel. Each softgel delivers a consistent and flavorless dose of CBD. These vegetarian softgels are made from a carrageenan-based gel derived from red seaweed, and are filled with coconut oil as the extract carrier.

## CAPSULES

If you want to enjoy the experience of hemp without having to inhale it, Pure Hemp Botanicals' CBD Hemp Oil Capsules are the perfect choice. Capsules make ingesting high-grade cannabidiol convenient, discreet and easy. They're flavorless and easy to swallow, with consistent, reliable dosing. With every product in every batch tested by in-house and 3rd party labs, these are products that you and your loved ones can rely on.

All-natural CBD Hemp Oil Capsules set the industry standard for vegan, fair-trade gel caps. CBD Hemp Oil Capsules are available in two convenient sizes: 50mg capsules in a 1500mg bottle, and 100mg capsules in a 3,000mg bottle.

## FROST

At 98%+ purity, Crystalline Frost Pure CBD Crystals are the purest form of hemp-based CBD extract currently on the market, as well as one of the most versatile products. Perfect for a variety of uses, Crystalline Frost Pure CBD Crystals can be added to drinks, food, dissolved under the tongue, vaporized, sprinkled on smoking blends, and can even be added to warm lotion/oil and applied to the skin.

Crystalline Frost Pure CBD Crystals are available in the accessible sizes of 250mg, 500mg, and 1 gram packages.

## LIP BALMS

Combining the benefits of pure hemp with organic flavors, Pure Hemp Botanicals' cruelty-free and vegan CBD Lip Balms are perfect for your lip balm needs. No harsh chemicals here—just rich avocado butter for long lasting protection and candelilla wax for a smooth application without worrying about unpleasant waxy residue. These CBD lip balms are a fantastic way to soothe, protect, and nourish your lips. Each stick of CBD Lip Balm contains 10mg of CBD made to Pure Hemp Botanicals' high quality standards.

Pure Hemp Botanicals CBD lip balms come in three great flavors: Peppermint, Berry, and Natural. We're proud to say our natural flavor is flavorless and scentless and perfect with anyone with sensitivities.
